TITLE OF PRESENTATION 12 pt, ALIGNED TO LEFT MARGIN

The abstract (up to 30 words) of the presentation should be written with Times New Roman font, 9 pt, bold, justified without indentation. Lines should begin and end from the left and the right margins in the 10 mm distance.

1. General text

Each paper must be typed on white paper sheets of A4 size (210mm x 297mm) on one side only. It should be prepared with an electronic text processing system. We strongly recommend the use of Microsoft Word text processing system.

Copies of abstract should be sent electronically to the Secretary.

Abstract admissible length should not extend two pages.

2. Preparation of the Camera Ready Paper

The abstract should be typed using 10pt size Times New Roman font with single spacing between text lines, justified. The upper margin should be 2.54cm and the lower margin should be 7.75cm. The left margin is 3.17cm and the right one should be 4.25cm.

The paragraph first line text should be indented by 5 mm.

The sections titles should be typed using 11pt size Times New Roman font, bold, aligned to the left margin and numbered sequentially.

3. Tables and Figures

Care should be taken over the preparation of diagrams, tables and figures. Tables must be set as a part of the text. All tables must have a caption centered over the table and should be numbered sequentially and start with 'Table x:' (x stands for a number). The captions should be written with 9pt size Times New Roman, centered.

All figures should be numbered sequentially and captioned. The caption should be written with 9pt size Times New Roman, centered, below the figure and start with 'Figure x:' (x stands for a number). Figures should be embedded in the document. Please leave an extra space of 10pt before and after each table and figure.

4. Mathematical formulas

The following parameters should be kept by MsWord Equation editor or any other one:
Text, Numbers – Times New Roman 10 pt; **Function** – Times New Roman, Italic 10 pt;
Variable – Times New Roman, Italic 10 pt; **Matrix/Vector** - Times New Roman, Italic 10 pt;
Size: **Regular** 10pt, **Subscript/Superscript** 7pt, **Sub- Subscript/Superscript** 5pt, **Symbol** 15pt, **Sub-Symbol** 10pt.
